

Vienna waits for You!

International PhD Program in Vienna, Austria, opens call for up to 13 PhD-student positions

The Medical and Veterinary Universities of Vienna
are looking for highly-motivated and talented students with a
passion for science, who wish to work towards a PhD in the
fields of
Molecular, Cellular and Clinical Allergology, MCCA

You want to:

- ✓ Work on top-notch scientific projects in either molecular, cellular or clinical allergology
- ✓ Become embedded in an international research community
- ✓ Profit from a multilayer mentoring environment
- ✓ Benefit from a well-structured 3-track training program
- ✓ Go on 'stays abroad' to learn new methods and techniques
- ✓ Have the possibility to obtain complementary skills
- ✓ Receive competitive salary and funding for at least 3 years
- ✓ Enjoy the multicultural spirit, culture and hospitality of Vienna, a city in the heart of Europe

The MCCA PhD Program is organized by the Medical (MUV) and Veterinary (VUV) Universities of Vienna and receives its funding through the Austrian Science Fund (FWF). MCCA's Faculty Members are internationally renowned experts in their fields and have strong and active ties to the world-wide research community. You will be able to benefit from that background. In addition, you will also be able take advantage of face-to-face contact with international speakers hosted by the MCCA lecturing program, the MCCA symposia and the MCCA retreats. These possibilities together with the opportunity to visit on a regular basis also international scientific meetings and conferences will guarantee that you can build-up and grow your own scientific career.

Requirements:

- ✓ MSc, MD, Diploma or an equivalent degree in Biology, Biomedicine, Chemistry or related sciences to be obtained at the latest by September 30, 2017
- ✓ Excellent English language skills and the ambition to work in a dynamic international program
- ✓ You are willing and able to start your PhD-studies from October 1st, 2017 onwards
