

# DAY OF IMMUNOLOGY 2025

## “BRAIN AND IMMUNITY: INSIGHTS INTO PARKINSON’S DISEASE AND MULTIPLE SCLEROSIS.”

At ySSI, we spoke with InFLAMES flagship researchers **Prof. Eleanor Coffey**, who focuses on **Parkinson’s disease**, and **Prof. Laura Airas**, who studies **Multiple Sclerosis**, to learn about the latest advances in neuroimmunology. Let’s dive into some of the latest insights into the growing field of neuroimmunology of these diseases.
